Footnotes

(a) Carrier will allow Specification D products (as defined under the governing FERC Rules and Regulations Tariff No. 75.3.0 Item No. 4) to be transported, in addition to Specification A products. Volume Incentive Rates for Refined Petroleum Products will not apply on Specification D barrels.

(b) Carrier will allow Specification B products (as defined under the governing FERC Rules and Regulations Tariff No. 75.3.0 Item No. 4) to be transported, in addition to Specification A products. Volume Incentive Rates for Refined Petroleum Products will apply on Specification B barrels.

(c) Movement is from MPLX Terminals LLC to Buckeye Pipe Line Company.

(d) Carrier will allow Specification C products (as defined under the governing FERC Rules and Regulations Tariff No. 75.3.0 Item No. 4) to be transported, in addition to Specification A products. Volume Incentive Rates for Refined Petroleum Products will not apply on Specification C barrels.

Item No. 2 - Volume Incentive Rates for Refined Petroleum Products

The following Incentive Rates are applicable only for Specification A and Specification B products as defined under the governing FERC Rules and Regulations Tariff No. 75.3.0 Item No. 4.

(1) An incentive tariff of [I] 38.20 cents per barrel will be applied to all barrels shipped from Columbus, Ohio to Dayton, Ohio in excess of 10,000 barrels per day during a calendar quarter.

(2) An incentive tariff of [I] 38.20 cents per barrel will be applied to all barrels shipped from Columbus, Ohio to Heath, Ohio and/or from Heath, Ohio to Columbus, Ohio in excess of 6,000 barrels per day during a calendar quarter. Volumes can be combined for these movements to apply towards the 6,000 barrels per day required for the incentive tariff.

(3) An incentive tariff of [I] 38.20 cents per barrel will be applied to all barrels shipped from Heath, Ohio to Findlay, Ohio in excess of 4,000 barrels per day during a calendar quarter.

(4) An incentive tariff of [I] 38.20 cents per barrel will be applied to all barrels shipped from East Sparta, Ohio to Heath, Ohio and/or from Heath, Ohio to East Sparta, Ohio in excess of 8,000 barrels per day during a calendar quarter. Volumes can be combined for these movements to apply towards the 8,000 barrels per day during a calendar quarter.

(5) An incentive tariff of [I] 38.20 cents per barrel will be applied to all barrels shipped from East Sparta, Ohio to Midland, Pennsylvania and/or from Midland, Pennsylvania to East Sparta, Ohio in excess of 13,000 barrels per day during a calendar quarter. Volumes can be combined for these movements to apply towards the 13,000 barrels per day required for the incentive tariff.

(6) An incentive tariff of [I] 38.20 cents per barrel will be applied to all barrels shipped from East Sparta, Ohio to West Point, Ohio and/or from Midland, Pennsylvania to West Point, Ohio in excess of 7,000 barrels per day during a calendar quarter. Volumes can be combined for these movements to apply towards the 7,000 barrels per day required for the incentive tariff.

A calendar quarter is defined as January 1 through March 31, April 1 through June 30, July 1 through September 30 and October 1 through December 31. Barrels expire after each calendar quarter and cannot be carried forward.

Item No. 3 - Reverse Flow Operations

East Sparta, OH to Canton, OH

Normal operation will be Canton, OH to East Sparta, OH; however, when nominations from Canton, OH to East Sparta, OH are such that sufficient pumping time exists to reverse the line, Carrier will transport product from East Sparta, OH to Canton, OH at Shipper's request provided Shipper tenders a minimum batch of 10,000 barrels.

Heath, OH to Columbus, OH

Normal operation will be Columbus, OH to Heath, OH; however, when nominations from Heath, OH to Columbus, OH are such that sufficient pumping time exists to reverse the line, Carrier will transport product from Heath, OH to Columbus, OH at Shipper's request, provided Shipper tenders a minimum batch of 10,000 barrels.

Heath, OH to East Sparta, OH

Normal operation will be East Sparta, OH to Heath, OH; however, when nominations from East Sparta, OH to Heath, OH are such that sufficient pumping time exists to reverse the line, Carrier will transport product from Heath, OH to East Sparta, OH at Shipper's request provided Shipper tenders a minimum batch of 10,000 barrels.
