Item No. 1 - Specification of Commodities allowed for the Lima, Ohio to Robinson, Illinois movement:

In addition to specifications included per the governing Rules and Regulations F.E.R.C. Tariff No. [W] ~~295.1.0~~ 295.2.0 under Item No. 4, Carrier will allow Specification D to be moved from Lima, Ohio to Robinson, Illinois. Specification D is defined as:

SPECIFICATION D—(Utica Petroleum Products)

Utica Petroleum Products will be received for transportation hereunder provided they are of good merchantable quality.

This Specification includes those petroleum products transported from the Utica Shale area and commonly known as light condensate, natural gasoline (diluent) and natural gasoline (fractionation.)

Carrier shall not be obligated to accept any Specification D commodity that, as determined by Carrier, has on receipt any untreated cracked material including coker by-products, olefin plant by-products, cat cracked stocks, or organic chlorides.

Carrier will, when required by subsequent pipelines or when product quality concerns arise, require Shipper to furnish a certificate setting forth in detail the specifications of each commodity offered for transportation to Carrier's pipeline or other facilities. Carrier will, at its discretion, sample and/or test any commodities tendered for transportation.

Shipper shall provide Carrier with prompt notification of any tank switches that occur during the pump-out of Specification D Commodity from any Origination Facility.
